

A hand holding a trowel with a textured teal surface in the background. The trowel is positioned vertically, and the hand is gripping the handle. The background is a textured teal surface, possibly a wall or a piece of art, with visible brushstrokes and a slightly uneven texture. The overall color palette is monochromatic, focusing on various shades of teal and blue.

## Stucco CimenArt

---

Combinación de elegancia y arte de nuestro pasado con la evolución química del presente.

Nuestros productos son listos al uso, fáciles de usar, lo que le permitirán realizar lisos perfectos pulidos, con sus características marmoleados clarososcuros suaves, elegantes y brillantes.

Suaves al tacto, los colores y los acabados hechos a mano de Mediterranean Stucco convierten a cada pared en una obra de arte única.

**Preparación de soportes:** se puede aplicar en cualquier ambiente interior o exterior, en obra nueva o rehabilitación, sobre paredes y techos que ya estén lisos. Aplique una capa de Primer CimentArt y deje secar.

**Carta de colores:** dispone de 20 colores estándar y también tiene la posibilidad de ser pigmentado manualmente y con máquina tintométrica, pudiendo realizar una extensa gama de colores personalizados.

**Aplicación:** aplique de 2 a 3 capas cruzadas finas de 0,1 ml, realizando las aplicaciones de cada capa completamente lisas. Lije entre capas para conseguir un liso más perfecto.

**Pulido y abrillantado:** con discos de pulir puede conseguir un pulido perfecto. Con la aplicación de CimentWax y la boina de lana conseguirá un abrillantado espectacular.

**Protección final:** para aumentar la protección en paredes exteriores o zonas que puedan recibir agua aplique 2 capas de Clear Coat CimentArt.

We have combined the elegance and art from our past with the chemical evolution of our present.

This product is ready to be used and is user-friendly, which will allow you to achieve perfect, smooth and polished surfaces, including the distinctive marmarino features, elegancy, shining and soft lights/darks.

Soft touch, the hand made colours and finishing's done with Mediterranean Stucco transform each wall into a unique one-off bespoke artwork.

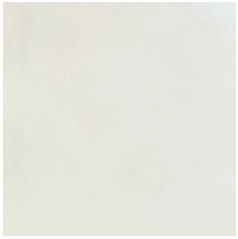

**Surface preparation:** This product can be used in any indoor or outdoor environment, it can be used on new work or restoration projects, it can also be used over walls and ceilings that are already smooth. Apply a layer of Primer CimentArt and let it dry.

**Colour chart:** is available in 20 different standard colours, there is also the possibility of doing manual pigmentation and/or using a tinting machine, being able to achieve an extensive range of personalized colours.

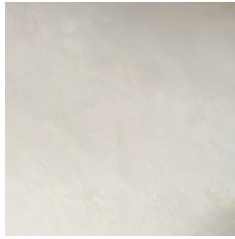

**Application:** apply 2 or 3 layers of 0,1 mm, making the applications of each layer completely smooth. Sand each layer with 600 grit to achieve a perfectly smooth surface.

**Polishing and shining:** By using polishing discs we can achieve a luxurious sheen finish. With the application of CimentWax and the lamb wool polisher you can achieve a spectacular finish.

**Final protection:** To increase the protection on outdoor walls that are located in areas exposed to water, apply 2 layers of Clear Coat CimentArt.
